I understood that to be a question but think it is a good question that pointed out to me at least that we should clarify these issues in the briefing document.

I meant that specific vs general objection letter comment as a question, but apparently forgot the "?". I defer to the group on that.

I suggest some more changes to the "Permit Objection Issues" section to clarify the distinction between the general objection and the specific objection raised by Krista's comments.

Attached are my suggested edits to the briefing paper. I'm working at home today at 630-545-1554 if anyone wants to discuss. I think I "accepted" Pat's changes and then made my edits on top of that.
